

special by nature

*To support only one kind of beauty is to be somehow unobservant of nature.*

Thank you for choosing our beautiful gemstone bracelets, adorned with 925 silver details or 18 kt gold plating, and strung on a flexible cord. To ensure your bracelet remains as beautiful as the day you purchased it, please follow the care instructions below:

1. Cleaning:

- Gently wipe your bracelet with a soft, lint-free cloth to remove dirt and oil.
- Avoid using harsh chemicals, as they can damage the gemstones and metal plating.
- For 925 silver details, you may occasionally use a silver polishing cloth to restore shine. Avoid polishing the gemstones or gold plated areas, as this may damage the plating.

2. Storage:

- Store your bracelet separately in the Zolli soft pouch to avoid scratches and tangling with other jewelry pieces.
- Keep your bracelet away from direct sunlight and extreme temperatures, as this can cause gemstone colors to fade or metal plating to tarnish.

3. Wearing:

- Put on your bracelet after applying makeup, perfume, and hair products to avoid contact with these substances, which can damage the gemstones and metal plating.
- Remove your bracelet before engaging in activities that could cause damage, such as swimming, gardening, exercising, or playing sports.
- Avoid wearing your bracelet while sleeping, as the flexible cord could become damaged or tangled during sleep.

4. Maintenance:

- Periodically check the flexible cord for signs of wear or fraying. If you notice any damage, contact a professional jeweler for repair or restringing services.

- If your 18 kt gold plated bracelet shows signs of wear or tarnishing, a professional jeweler can re-plate it to restore its original appearance.

By following these care instructions, your Zolli bracelet will remain a stunning accessory for years to come.

Enjoy your beautiful piece of jewelry and wear it with pride!

Wear it alone as a showcase piece or stacked with one or more minis.

The colors and patterns of these beads create their own artful designs, making each bracelet a unique piece of art. No other embellishments are needed to make this bracelet a stunning showcase of nature's art and design.
